STEM Show 3

Lemuel E. Saputra

Liffi Wongso

M. Alfariz

Revaleka

STEM Show is a series of exhibitions where the participating artists are given the opportunity, support, and freedom to showcase their own artistic practice. Through this program, we hope to stimulate the artists' development and provide a place where their works can get appreciation from the public.

Revaleka

The Cabin

2022

Oil on Cotton

100 x 80 cm

STEM

STEM Projects is established with the main purpose of discovering and nurturing emerging and under-represented artists.

With an artist-focused approach at our core, we intend to create a community that enables artists to gain the necessary level of support in the early stage of their careers, while encouraging them to create new works and explore their practices.

Through our programs and activities, STEM places an emphasis on the need for accessibility and engagement between art and people, where we provide the platform and environment that urges the interaction between both; a place for artists to introduce their works to wider audiences.
